I worked with Beth at HHS, and thats where I had the privelage of meeting Renee a few times when she would come to visit and have lunch with Beth. Shewas such a kind person who had a beautiful soul, and a great sense of humor. The world si definately a more somber place now that Renee has gone. RIP Renee.

“ My Friend Renee I will miss you but i will remember you as the kind loving full of life person you were in the human form. Renee you brought a light of sunshine when times were bad and ray of hope at times when hope was all but forgotten. I am proud and privileged to have know you and have been your friend. Our relationship began with a mere Teddy Bear that evolved into a special relationship that only I and you will ever know. Once in a lifetime does that special friendship come along that you know was meant to be. Renee you had a heart of gold and the personality of an angel. I loved you from the deepest parts of my heart. You have and will always have a special place in my heart. I thank you for being apart of my life's journey and Thank You for allowing me to be a part of yours. You made me understand things I did not and accept those things that most would not. You never turned away when lifes trials and tribulations came to you, you faced them with all your strengths knowing that the could be overcome and just rewards were waiting you. I will not say good bye for it is not good bye it is only see you when I get there with you. Go now my friend and rest in peace and at peace you shall be. So young and so alive our Lord Jesus must have known that you were someone special to call home at such a young age..I cry tears not of sorrow but of joy to know that you are now at peace. Renee ones life is not measured by how much you have loved but measured on how much you are loved. Renee you are loved by many, you have touched the lives of many and for the many this was a loving joyful journey. Rest In Peace my FRIEND until we meet again. I Love you Renee. I have never been afraid to say that and that was the last words you told me I love you and hope to see you again but this time don't take 20 years. Rest In Peace Mt friend!!!!!!
