“ I don't really know how to express how much I am saddened at Charlene's passing. Her smile and laughter were such a large part of my teen years. I looked up to her and am a better person for having known her. I know that your family is close and this must seem unreal. But, I also know that you are a family of faith and our God will get you through the days ahead. Continue to lean on Him and know that many people love you and are lifting you up in prayer.

I always talked to Charlene in the grocery store. Her son and mine were very good friends and my son spent lots of time at her house. She always asked about my son, and we talked about both our boys. I loved seeing her, she always had a smile for me and made me feel important. My prayers and thoughts are going out to her family, especially Ryan.
