“ This lady right here had such a huge impact on my life. My respect and love for her is endless. I spent a lot of time at her house, she treated me just like her own. When I was grown, she allowed me to help her on some of her sewing jobs when she would be very busy. What an honor to have someone who was as proficient as she was to let me help her, that she would think my work was good enough. Kim, Karen, your momma will always hold a special place in my heart. I pray for your comfort and peace. The good Lord probably had a whole basket of mending that he needed done!
