“ I first discovered Helen was alive when she attended the funeral of my Brother. After I found her she and I talked several times. She was a very enthusiastic, positive person on the phone. I really enjoyed listening to her and especially her accent. It's been a long time. I'm sorry I just found out about her death. I would have tried to be there for the funeral.

“ Ms. Wooley was a wonderful woman and teacher, She taught me so much as a new nurse (1997). She was the epitome of what new nurses should inspire to be. Thank you Ms. Wooley. I will never forget you.
