“ Mr. Cassity was a good man. He helped me with several projects when I moved in on Candelara and it was nice to find a friendly face. There was only two homes on the street at that time. He always enjoyed his time outside and was very good with his grandson and my son. One of my son's fondest memories was the spring break he took his grandson and my son fishing. Mr. Cassity will be remembered by all for his kind and caring personality. May God provide peace for the Cassity Family in this most difficult time.

“ I have lots of good memories of Joe Cassity. After my husband, his friend, died, Joe came to my rescue many of times. I'll never forget his gruff voice but was really such a kind man. He raised vegetables and shared with everyone. When his Mom was in the nursing home, he went by everyday to visit with her. He became friends with all the elderly there and always served them coffee. I remember him with his two sons and what young men he helped raise. He taught them good morals and brought them up in a Christian home. He loved Judy and he really loved her cooking. He was spoiled by her.
When my husband was alive and Judy and I were planning a trip to Florida. Bruce said he and Joe were going out while we were gone and it's a long story but that memory will live on as it was the one time I saw Joe Cassity crack up from Bruce's joke. It was Terry Everett, Gordon Tompkins, Barry Decker and Pete Woods and spouses that shared that joke and now we have lost all our men. My heart goes out to Judy, Gary, Lindsey and Gayle. My prayers are with you.

“ My heart broke when I heard Joe had passed away! I knew Joe from UT Health Center and seeing him always put a smile on my face. Although we shed tears here on Earth because Joe is no longer with us, Heaven is rejoicing and celebrating his home coming. May God provide you all comfort and know you never walk alone.

“ Once I was visiting my mom in Carthage, and in the middle of the night, I was taking out my contact lenses. I dropped one in the sink, and it went down the drain. Panic. I was going home the next day to College Station, Texas, and I cannot drive without my contacts...and did not bring an extra pair of glasses. My mom called Joe Cassity, and he came to the rescue. He was my hero that night. I will always remember him as the kind of man who would come to your house in the middle of the night, take the drain of your sink apart, and dig your contact out so that you can see to drive home.
