Couldn't be more proud of you as a father and a Man. I watched you teach young men the rite way. The way you always took time for others instead of yourself was admirable. Remember you leading men as a Consultant, a trucking company, The FARM and as long as I remember you still took time to ask how your kids were. There was more than meets the eye and I remember when I got the cb handle Footsteps now it's time for me to continue where you left off it's a Honor
