“ I remember having the biggest crush on him in middle school and freshman year. He was so cute and charismatic and out going. He was always really sweet to me and I have often wondered what happened to well most everyone from elysian fields cuz I moved away the summer after freshman year. So sad and my condolences to his wife kids and family.

“ We often talk about anything and everything. I really enjoyed our chats and I will miss him. We shared the same birth date. This man was a great father. You couldn't separate him from his son,they were glued together at the hip. Truly a good man and friend.
