“ Precious Child,
A single beam of sunshine from the first day I met you with your Mother. A single beam of sunshine is enough to drive away many shadows! Our moments of conversation about all kinds of subjects, your feelings of love for your family, your hopes and dreams. Angels are like good friends who go to sleep last at a sleepover, who wake up first in the morning, who listen more than they talk and give more than they take. You are such an Angel. And now I pray you rest in comfort, peace and joy - for you were / are a gift of joy to me..
Praying for family and friends during this time of sorrow, may all the goodness of sweet memories be yours and give you comfort..
Love in Christ.
