“ Chick and Myrtle were always a part of my life from my earliest childhood. They were cousins and extremely close friends of my parents, Melvin and Anne Cheshire. I will always remember Chick for his great and sometimes rowdy sense of humor. He had the biggest laugh! When my own dad was ill and housebound Chick came almost every day to visit him. It meant so much to my dad and to all of our family. He was loved by us and will be missed.
Sincerely, Shelia Cheshire Lewis

“ I thought the world of this man. I would always see him when we had the nursing home services on Sunday morning at Carthage Healthcare. His birthday was May 27th, and I gave him a couple of pair of socks as a surprise. We talked about it the next Sunday, and he had forgotten about it. We had a good laugh about that. I didn't see him for a couple of Sundays, and I just thought he had forgotten about the service. He always had a smile. This is so sad for me.
