“ So very sorry for your loss of this special, sweet man...I have known Paul almost all my life as we were just a year apart in school and he was a very good friend of my brother Kevin...We didn't live far from The Boggs house and we would find our way through the back roads and woods to their house on mini bikes during our younger years...then of course through Jr High and High School were so many fun memories. Later in life our lives reconnected when I married Charlie and he and Paul were good friends during their working days as "The Best Welders" around.....They worked together at several different locations and companies throughout the years, they even went to Inspection School together in Houston... Poor Paul having to deal with Charlie driving through City traffic...but they often laughed about it later...We are blessed with a knife he made and gave to Charlie and I am blessed with many fond memories that make me smile, with happy and sad tears at the same time....

*Rest in Peace sweet Paul...til we see you again.*

*Prayers of comfort and peace for all.*

“ My favorite memories were times David, Danny Rogers, and Paul would gather to visit in the shop! I would reckon there would be a similar reunion going on now!!! There actually is a lot more in that reunion than those three!!! I send my love - and look forward to seeing everyone again

“ Paul was a good friend. We spent many hours hunting, fishing, & standing around the fire. We have many cherished memories of our time spent together. He was a talented and creative guy when it came to woodworking & metalworking and could implement your ideas. He was always eager to share stories about his children & their accomplishments. He was a very proud father. We pray that God will comfort you and wrap you in his loving peace. Love, Mitch & Kim
