“ I was so sorry to hear of Pat's passing. Pat was my first "real" boss and she was very intimidating to say the least! But she was a very good boss who didn't mince words. You always knew where you stood with her, and as I've gotten older I have grown to appreciate that quality in a person. She really was a delightful person and I know that she has left people here on this side that are hurting and grieving. I pray that our heavenly Father will wrap his arms around you and give you peace during the days and months ahead.

“ Pat was there to guide me when most people would have looked down on me and turned their backs. She was a strong and fair boss. Pat touched not only my heart but my mind as well. For those things, I am very thankful for her. I am glad she was a part of my life. She will be so very missed.
