“ I am heartbroken for Buck and Jaimee’s families. I taught Buck in 2nd grade and years later his son, Daniel. Both of them were such sweet students. Buck was always happy and had a smile on his face. Daniel, his brother and sister will be in my prayers every day. I am so sorry for the loss of Buck and Jaimee. Their love will live on in the hearts of their three precious children.

“ My grandpa and Bucks dad were really good friends and me and Buck grew up together from as young as I can remember. We were childhood sweethearts .I remember as a little girl I was always so excited when we were headed over to Bucks house. As soon as we walked in I would run to the back of the trailer where I always knew buck was waiting, always with the biggest smile on his face to see me. He stole my first kiss when I was just 5 outside of my grandpas trailer. As we grew into adolescence I remember him picking me up in his s10, not even legal to drive yet, and getting in trouble with him at night cause grandpa done flashed the porch lights one to many times for me to come in and him to go home. We always just wanted to listen to one more song on the radio before we said goodnight. He will be missed, prayers for the family.

“ He was my best friend a long time ago. He was a very good friend, and he liked to make people laugh. One time he gave me a prairie dog named PD. I let it out of its cage one day, and he did not want to go back in it! I had to call Buck to come back and get it. He thought it was so funny... RIP Buck!! You will be missed, but not forgotten. Prayers for his family. From me Brandy

“ Buck and Jaimee were like our children. And the kids, Daniel, Trenton and Chole are so cute and sweet. They have always been our contractor and carpenter for over 5 years. They began as just workers at our house and soon became good friends. Our home is so beautiful on the inside because of their hard work. We only had one room to go, the bedroom. They were just here a few days ago. They were both so generous and giving. We will miss them so much and are still in total devastation. We pray for their souls and families. We are especially praying for the children. We are here if the families need anything. We are located on Lake Murvaul.

“ *I have literally watched Buck grow into the fine young man he is today, when he came into my life and family as Polly Ann's little brother, he had a heart as big as Texas and would help anyone he could. He was loved by all who knew him and what joyful music he would play. My little man was a gift from God. The Minter Family has lost a part of our heart but that is where he has always been and that is where he will stay.*
