“ Roger and I worked together from early spring thru the summer of 1990 for Conoco Pipe Line replacing sections of line for several miles of the Glacier Crude Pipe Line System. He worked as a contract welding inspector thru Gulf Interstate and I was an employee of Conoco. Roger made me a great hand and I always appreciated his wit and humor and his KNOWLEDGE. I learned alot from him and had a high amount of respect for him. If my memory still serves me we took a site seeing trip across the Going to the Sun Highway in Glacier Nat Park that summer. Trouble is I cannot find any pictures that I took. The one picture I uploaded was taken when he and I did some fishing fairly close to the right of way where we were working laying pipe. Roger would have been either 39 or 40 in that picture. Sorry it is not the best but only one I have. My sincerest condolences to the entire Leslie Family. May Roger rest in peace! “ *I did not know Roger personally but my husband spoke of him and Curtis often. I know they had all worked on several jobs together. I am sorry for your loss. It is hard to carry on with your life. I lost Eugene Hester in Nov. 2019 and it is very lonely. I know that they must be rejoicing everyday to see their buddies. I do not know any of them just remember hearing names and work stories about them. Rest In Peace Roger.*
