“ To,
The Family and the loved ones,

Mrs Glasgow was a great patient. She was able to connect with our staff. We will truly miss her. She was always very happy person with a smile all the time. I visited her last time when admitted, in the hospital at Bayshore Medical center, now HCA South East, earlier this year. She told me she is going to live hundred years and repeated twice. I didn't believe her then knowing her heart condition. Now I do believe her that she is alive and well higher up in heavens looking down upon us and showering her blessings to everyone concerned.

We pray for the peace of her soul in heavens at the lotus feet of her Lord. And also pray for the family to bear the grief and loss. Please do not grieve, just celebrate the adorable life she lived. She will live for ever in our hearts, and will continually miss her.

“ *When I think of Dodie, I think of that beautiful smile that brightened my spirit each time I saw her. She was a strong women who had endured much pain. She loved life, she loved her family, she loved her friends but most of all, she loved the Lord her Savior and the church family of First Baptist Church, South Houston.. I shall miss her. She showed me much love and kindness. My deepest sympathy to her family. I am praying for you.*
