“ I met Tammy several years ago, she was wirking at Tank n Tote acriss frim the college. My husbamd and I had taken 2 of our kids Trick or Treating and on the way home my oldest daughter got sick and we pulled in to the store real quick so I could ger some paper towels out of the bathroom... Tammy wouldn't have it and she tossed me a roll if paper towels before I cleared the doorway. She had already recognized my problem and had my back before she even kmew my name. From then on i considered her a friend. I hadn't seen her or talked to her much, except for when we bumped into each other somewhere (usually H.E.B. or Wal-Mart) and I hate that I won't see ber again, I missed the opportunity to tell her what she meant to me.
