“ Have many memories of Tom and Grace across the acreage in Beckville, when I was in the house or yard at mom and dad's house and would see Grace riding the lawnmower and Tom would be working on a project, either riding tractor, working with his bees, or building his love her own back porch. Tom was the kind of relative who would be there any time you needed his help, quick to drop his own project and come over to help get me out of a ditch on my riding lawnmower, or change the blades on the mower because I did not know how it was done. Such a smart guy when it came to giving ideas on sloping our yard to drain it of rainwater standing (that engineering mind of his was always seeing and thinking about a problem that could be solved). Will miss you greatly, cousin. We will look out for your girlfriend Grace for you. Don't worry, she is well loved.

“ Uncle Tom, I have several fond memories of you. One of the earliest memories of you is my fear of Duchess and having to hold her down so I could come out of the house. You even covered her eyes so I could run out. As an adult I have so many fond memories memories with you and I'm so thankful for them. Your sweet spirit, dry humor and wit will be forever missed. Until we meet again at the gates remember I love you!
