“ *It was Jeff Peterson who let me know of Wade's mortal condition and sent me news of Wade's passing as well.*

Too many memories to recall in any readable way -- High school human anatomy class, first year @ Texas A&M and riding home squeezed in the back of his little Vega. We roomed together after college and put on a great Christmas party. Wade had a hind quarter of venison and we smoked it for over 15 hours. People at the party thought we had sprung for a leg of beef. It was very tender. A significant accomplishment and true team effort.

One can't forget the terrible hit and run accident he barely survived and changed his life in significant ways. I remember crying inconsolably when he lay in a coma with no certainty of his waking.

I lost track of him in the late 80's as I pursued a life away from Texas. I thought about him often -- tried to find him on line in recent years with no luck.

Surviving a child must be one of the most intense griefs. My heart aches for Mr. and Mrs. Jones.

“ *Jack and Peggy, Gayle and I have both of you in our prayers. Parents like you are a premium. You gave Wade so much of yourselves and poured your love into him. He is now resting in the arms of Christ. God bless both of you!*
