If you know and love enough people and live long enough you get many of these kinds of messages, immediately you go into disbelief and denial . I know I did.

Uncle Wallace got it! Anyone that knew him knew he was a family man, full of life, needed to take care of the things that matter in his life.

Uncle Wallace wouldn't want any of us to cry because its over, he would want us to smile. We hurt because he meant so much to anyone he touched.

You may think thats just wrong to smile, this mixture of emotions and feelings is wrong and actually its perfect.

We should be outraged at the tragedy that has happened and should be eternally grateful for the life that was leant to us.

Paul says in the bible, we mourn, but we dont mourn as those who have no hope.

~Many people will walk in and out of your life, but only true friends will leave footprints in your heart.

Uncle Wallace give them all you got up there in Heaven... just like you did here with us.

See ya on the otherside

Very few people can fit into your shoes. You were a blessing to so many people. Rest in peace! Uncle
